FIND SOME TIME TO START THIS.

WHAT IS GOING WELL

- My discussions with my mentor have been very productive.
- I chose a topic and it's something I can use for my future
- I found that my vocabulary expanded by a little bit because I can hold the conversation longer. I've stepped out of my comfort zone and met Francophone speakers from France to help me.
- Research has been good, I've also been working on making products (art) that I could sell as well.
- A song writing lesson and guidance with lyrics
- Communicating with my mentor frequently to receive support
- My mentor is super kind and helpful and has given me lots of great tips for types of seeds and provided me with other resources as well.
- Me and my mentor have talked a few times and it has always helped me stay on track
- I know this is something I will do in the future so it's beneficial. And I actually want to do it
- I got a full training schedule from my mentor and we chatted about techniques.

Is this you?

Nothing has gone good so far because
nothing has really happened at all..

I'm a little stuck.

I have not started.

Make an appointment with Mrs. Daniells or Mr. McKean
so we can help you.

(We will be following up with those that completed the survey
and indicated they would like to make an appointment)
